

# Shenzhen Young-Feel Electronic Technology Co.,Ltd

3F, Building 2nd, No. 537, Gushu Road 1st, Gu Xing Community, Bao'an District, Shenzhen.

TEL:0755-23572896 FAX:0755-85271381

## Product Introduction

Based on the demands of actual use scenarios, Young-Feel builds a multi-level product matrix to solve the complex practical problems in intelligent quotient display. Young-Feel has deep cooperation with Rockchip, a first-tier chip manufacturer in China, to launch a series of complete product lines. Young-Feel C series and Young-Feel B series motherboards are mainly for digital signage and intelligent terminals and other equipment. YF-023D, YF-024E, YF-025H, YF-028E, YF-029E these C series motherboards are mainly for the high-end experience of smart business display equipment. The YF-022A RK3588 solution is aimed at advanced intelligent commercial display devices.

Product line	Motherboard Serial	Typical Application
Rockchip series	Young-Feel C series : YF-023D, YF-024E, YF-025H, YF-026W, YF-028E, YF-029E	Standard advertising machine, touch signage, ordinary intelligent terminal 
	Young-Feel B series: YF-010E, YF-011E, YF-019H, YF-020E, YF-088D	Standard advertising machine 
	Young-Feel RK3588: YF-022A	Artificial intelligence, advanced intelligent terminal
